My hair donation does good

Thank you. That's well done. The recipient of your hair donation, and we too of course, would like to express our warmest thanks to you.

The simplest way now is for you or your hairdresser to print this document and inform us of your details. Please place the form along with your hair donation – the best way is to bind it together with two hair ties – into the envelope. In this way we know whose hair it is, can assess your donation*, and initiate the donation of money.

On the next page you will find an address label for sending it. Just cut the label out, stick it on, and off it goes. Thank you for helping with your superb contribution.
